

Centennial Celebration

Dedication ceremonies of the chemical engineering facility in 1970. Dignitaries attending the event included (sitting front to back) LSU President John Hunter, Governor John J. McKeithen, Dean of Engineering Roger Richardson, LSU Vice President Joe Reynolds, (speaking) Chemical Engineering Chairman Joe Polack, (just left of sugar kettle) Jesse Coates.

The Department celebrated its centennial year on October 24, 2008. The celebration took place in the Rotunda of the Energy, Coast, and Environment Building on the LSU campus. We wish to thank everyone who came out and participated in the festivities. We would also like to thank the speakers who made time out of their busy schedules to celebrate this momentous event with us.
